

Turnkey suites with Internet, WiFi, and more at Santa Monica Business Park.

Access ultrafast, secure internet on your custom private network, instantly.

Move into a BXP Spec Suite and you've got unlimited bandwidth, uncapped internet connectivity, and supercharged cloud services at your fingertips. We've partnered with Join to make it easy for your business to have your own private company network, connect directly to your cloud services, and enable powerful enterprise-grade security. Keep your data flowing at max speed and your teams connected without hassling with hardware or lengthy contracts. And as your business grows, our simple on demand subscription easily moves with you.

All the IT and cloud-ready services you need to unlock your business's full potential:

-  **Seriously fast.** Uncapped, unthrottled data and internet access.
-  **Integrated security.** Preconfigured firewall to keep data secure.
-  **Conference room A/V.** Customized solutions for collaboration spaces.
-  **Dedicated and private.** Dedicated fiber with your own private network.
-  **No hardware.** Complete, hassle-free managed infrastructure.
-  **Cloud direct connect.** Private direct connections to your cloud services.
-  **On demand.** Simple subscriptions, change at any time.
-  **Connected printers.** Networked printing, on demand and as a service.
-  **Voice communications.** Seamlessly integrated business communications.

Get all the speed and cybersecurity tools you need, hassle free.

The BXP Spec Suite is wired and ready to connect you with seriously fast Internet, secure WiFi access, and A/V conference rooms, all powered by Join. Give each person and every device in your space all the speed they need to stream unlimited amounts of data, download and upload massive files, access video conferencing and VoIP, and backup everyone's computer all at the same time. It's easy to light up your enterprise-grade, hardware-free tech services with a simple, monthly subscription from Join.
